Objective: Seeking an internship or co-op within the field of Computer Science.

Education

Missouri University of Science and Technology (Missouri S&T) — May 2020

B.S. Computer Science — **GPA: 3.34 Overall, 4.00 Major**

Projects

Swoly: — Jan 2018

- Fitness app that logs and computes weights to lift based on your personal bests
- Cooperated with another developer for the extent of the project
- Developed for Android in Java and SQLite

ACM Website: (https://acm.mst.edu) — Jan 2018

- Designed the interface for the website
- Programmed the user-facing functionality of the site
- Developed for the web using Django, a Python framework, and HTML/CSS/JS in a small group

ShamHacks 2018 - VeterIn: (Recieved 2nd Place) — Feb 2018

- Business focused network for Military Veterans to find jobs or employees
- Built the API, user authentication, and the front end
- Created using Flask, JavaScript, and SQLite in a team of five

Experience

Missouri S&T - ACM SIG.com — Rolla, MO

Vice Chair — Dec 2016 - Present

- Developed the front and back end of the Missouri S&T ACM website
- Trained other members of the team in Python and web development skills
- Organized and led organization meetings and workshops
- Promoted events and activities through email, fliers, and the website

Technical Skills

C++	Git	Unix	Python	HTML/CSS
Bash	JavaScript	Golang	LaTeX	R

Honors and Activities

Dean's List	Fall 2017
ShamHacks Hackathon — **2nd Place**	Feb 2018
MLH Local Hack Day Hackathon — 2nd Place	Dec 2017
Megaminer AI	Dec 2017
Association for Computing Machinery	Aug 2016 - Present
Augmented Reality Research Group	Sept 2017 - Present
Miner Village Hall Association	Aug 2017 - Present
Miner Movies	Dec 2017 - Present
